about Bobike

bicycle safety seats

Bobike has been developing, designing, and producing safety seats since 1978.

Bobike's bicycle safety seats are designed in the Netherlands, produced in Europe, and can be recognized by their stylish, modern look. Bobike's safety seats have won several awards, including an iF Design Award.

Tackling daily life by bike.

And when you use a product that often, we believe it should look damn good.

That's why the Bobike collection is continuously updated. Our designers have a passion for fashion and interior design. They closely follow trends to make sure our safety seats are a perfect match to the bikes currently in the market. This shows in the colors we use and in the details, you find in our safety seats which make them unmistakably Bobike.

Are you ready to start exploring?

Bobike has a vast collection of products to support your adventures safely and in style and to introduce your children to a happy and healthy lifestyle in a fun and playful manner.

obsessed with safety

bicycle safety seats

At Bobike, we live and breathe safety.

*It might not be the coolest thing to do, but you'll appreciate us for it. Quality control, performance analysis, and safety tests are the most important parts of product development. Of course, we comply with all legal requirements and meet the highest industry standards, but we don't stop there. We have built our own modern quality control center with all the technology required to ensure that our products comply with the standards imposed by regulatory bodies. **But when we test, we double the standard.***

It's how we roll.

double-walled

We take safety seriously

Although Bobike offers several different models of safety seats, our focus when designing a seat is always the safety of the child that will be transported in the seat.

Which is why every single Bobike model features a double-walled construction.

A double-walled construction consists of two sturdy walls.

The inner-wall that is in contact with the child's back, is slightly softer to ensure a comfortable ride. The outer-wall is more sturdy and rigid and is designed in order to create a void between the two walls and therefore the child.

If the seat gets impacted, it won't touch the child.

We often talk about double-walled safety, a feature that is unique to Bobike, and hopefully, now you understand what we mean. But if you care as much about your child's safety as we do, you only need to remember one thing: Bobike.

For more information on double-walled safety, visit:

<https://Bobike.com/en/page/we-take-safety-serious>

our commitment to planet Earth

reducing our ecological footprint

In all production processes, the waste of materials is inevitable, so it's our role to manage them more sustainably, transforming internal waste into new raw materials through recycling, helping to preserve and protect the planet earth.

-3% water consumption

-5% in electricity

-18% in waste

-27% in CO2 emission

Taking the “right” steps

At Bobike we care about the environment, so we are working to reduce, reuse, and recycling our waste, always maintaining our commitment to safety, quality, innovation, technology, and above all, people.

We all have a huge role in an increasingly sustainable life. Year after year, we focus on reducing our ecological footprint.

Last year, we reduced water consumption by -3%, -18% in waste, -5% in electricity, and -27% in CO2 emission. In 2020, we invested in 1530 solar panels to further reduce our energy consumption and, above all, to reduce 472 tons of CO2 emissions.

We are also developing new concepts to function as a model for future products. Such as increasing the use of green materials, environmental friendly packaging, reducing the use of paper and developing new processes and projects, that allow us to produce as sustainable as possible.

Currently, some of our products contain 99% recyclable material. However, in bicycle child seats, safety is our main focus, so each bicycle seat has a lower percentage of recycled material that can go up to 20%.

Our commitment to Earth is combining sustainability with technology to increase the amount of recycled material, always ensuring safety. That's an ongoing project that we intend to see completed during the next year. We are also starting to renew the entire packaging line, making it even more sustainable.

Go[®] mini accessories and spare parts

Handlebar With Support Roll

Some kids like to participate while riding with you on the bike. The Bobike handlebar lets them pretend they're steering too. And when they're exhausted, the support roll is there to catch them when they fall asleep. The handlebar with support roll fits Bobike Go[®] mini seats and does not interfere with the placement of a windscreen.

Ref. 8015300165

Rain Cover Mini

Protect your Bobike safety seat from rain, snow, or hail with a rain cover that fits your Bobike Go[®] mini seat. The rain cover comes in a nice travel case, so it's really easy to store and carry with you.

Ref. 8015300044

A-headset Adapter

With this bracket, you can easily mount a Bobike safety seat on a bike with an A-headset. An adjustable stem remains usable, and the display or controller of an electric bike can also stay in place. The required installation space is only 4mm.

Ref. 8015300139

Mini Combination Lock

Extra security and protection for your Bobike front seat or windscreen. The combination lock is easy to install (see website for video guide) and fits through the hole in the steel leg under the mounting block.

Ref. 8015300205

Universal Bracket

This mounting bracket is already included when you purchase a Bobike mini seat. If you want an additional bracket or need a replacement, this is the spare part you need. This bracket fits standard steering tubes Ø 22 to 32 mm and MTB bikes steering tubes: 1-1/8". Meets EN14344 safety standard. The measurements of the universal bracket are: 10 x 8 x 3,5 cm or 3,94 x 3,15 x 1,38" (W x D x H).

Ref. 8015300043

Footrests

Replacement footrests for the Bobike Go[®] mini. Sold per set, including straps.

Ref. 8015300146

Steel Windscreen Bar

Replacement windscreen attachment bar for your Bobike Go[®] mini + windscreen. The bar fits in the same assembly block that is used to mount the seat as well as in the A-headset adapter.. Improved for better stability.

Ref. 8015300215

Bobike Go[®] Cushion

Replacement waterproof soft cushion for the Bobike Go[®] mini.

Ref. 8015300237

Go[®] follow your dreams

The Bobike Go[®] was specifically designed for the international market. The extra protective expanded shell offers optimum protection in countries where separated bike paths are not the standard. The Go[®] is an easy-to-use safety seat perfect for a versatile family that is ready to tackle their daily commute. The Bobike Go[®] is available in 5 lovely pastel shades. Are you dreaming of a more active life with your family?

Always on-trend and never out of style. Kids these days have an opinion and are not afraid to voice it. And let's face it; rainbows and unicorns are not for every child. But we are! We want every child to be protected in a style that they love and feel comfortable wearing, which is why we added a black helmet for all the tough kids.

one to conquer the world

You love the energy and rhythm of the city. There are always new things to explore, right here in your own hometown. The fastest way to move through the city is by bike, and when you have kids, you need safety seats that let you do just that. Enter the Bobike ONE, our best-selling model is a trendy and compact safety seat that lets you manoeuvre through the city with ease and loads of style.

one plus helmets

safety helmets xs & s

Let's brighten up the streets. Our Bobike one safety seats are available in nine colors and we have helmets to match each and every one of them. The colorful matte helmets feature an in-mold construction and an expanded protective area to increase safety. The adjustable dial retention system ensures a perfect fit. The chin straps are soft with chin pad and lock in a 3-point safety harness. Two rear reflective stickers increase visibility when it gets dark out. A bug net will keep your child safe from flying insects and 10 cooling vents keep your child's head cool.

exclusive mini plus accessories and spare parts

Rain Cover mini

Protect your Bobike safety seat against rain, snow, or hail with a rain cover that fits your Bobike mini seat. The rain cover comes in a handy travel pouch, so it's really easy to store and carry with you.

Ref. 8015300045

Cushion + Pin

Replacement cushion for the Exclusive mini plus. Easy to clean, waterproof, and available in colors to match your seat.

The cushion is only fastened onto the back of the seat. The other hole is meant for drainage and should remain open.

Ref. Cushion 8015300241 (urban black/urban grey) | 8015300242 (safari chic) | 8015300243 (cinnamon brown) | 8015300244 (denim deluxe) | 8015300220 (toffee brown)

Ref. Pin 8015300114

Shoulder Pads

The Exclusive mini plus features a new safety belt with comfortable shoulder pads. These shoulder pads are made out of the same high quality, waterproof material as the cushion and come in a color to match the seat. The velcro closure makes them easy to adjust and replace.

Ref. 8015300253 (urban black/urban grey) | 8015300254 (safari chic) | 8015300255 (cinnamon brown) | 8015300256 (denim deluxe) | 8015300257 (toffee brown)

Footrests + Footrests Straps

Replacement footrests for the Exclusive mini plus. Only available in black.

Ref. Footrests 8015300117

Ref. Straps 8015300137

Mini Combination Lock

Extra security and protection for your Bobike front seat. The combination lock is easy to install (see website for video guide) and fits through the hole in the steel leg under the mounting block.

Ref. 8015300205

A-headset Adapter

With this bracket, you can easily mount a Bobike safety seat on a bike with an A-headset. An adjustable stem remains usable, and the display or controller of an electric bike can also stay in place. The required installation space is only 4mm.

Ref. 8015300139

Universal Bracket

This mounting bracket is already included when you purchase a Bobike mini seat. If you want an additional bracket or need a replacement, this is the spare part you need. This bracket fits standard steering tubes Ø 22 to 32 mm and MTB bikes steering tubes: 1-1/8". Meets EN14344 safety standard.

The measurements of the universal bracket are: 10 x 8 x 3,5 cm or 3,94 x 3,15 x 1,38" (W x D x H).

Ref. 8015300043

Handlebar + Handlebar Screw

The Exclusive mini plus features a little handlebar that lets kids actively participate.

Ref. Handlebar 8015300120

Ref. Screw 8015300121

Windscreen Attachment Bar

This bar attaches the Exclusive windscreen to the rear part of the handlebar of the Exclusive mini seat.

rear bicycle safety seat for frame and carrier mount

For bikes equipped with luggage carrier
27 kg min load capacity.

Bobike EASY mounting system ensures super quick installation and makes it a breeze to place the seat on a second bicycle.

The seat can be moved back and forward to be adjusted according to any carrier and child size.

Carrier mounting system compatible with carriers, in accordance with ISO 11243.

120 to 175 mm
4,72 to 6,89 "

Ø 10 to 16 mm
0,39 to 0,63 "

Frame: for round and oval tubes.

The new frame mounting system eliminates the step of having to mount the EASY mount to the frame bar because the mounting system is already integrated in the seat. This makes the seat lighter and easier to mount.

It fits on round and oval seat tubes and is specifically designed to accommodate the brake cable and avoid it being pinched.

This system fits on bikes with or without a carrier.

Every brand needs a good Classic

Our Classic Junior has been the go-to junior seat for many years now. No frills, just a sleek, functional design. It offers support for children that are old enough to sit independently on the back of your bike but cannot quite cover longer distances by themselves. The lap belt keeps them from standing up. The seat includes a convenient bag bracket and when not in use, the seat folds down and can be used as an object carrier.

Classic

Classic junior

rear bicycle safety seat for frame mount

Mounting bracket for bikes without a carrier to mount on a seat tube.
For round tubes Ø28-50mm.

The Bobike Classic Junior can carry up to 35 kilograms. The seat is equipped with a lap belt so that your child cannot stand on the back of the bike. The seat also includes a convenient fold away bag bracket to offer you some additional storage and, when the seat is closed, you can use it as a multifunctional carrier. Suitable for children between 5 and 10 years old or with a maximum bodyweight of 35kg.

The Bobike Classic Junior comes with mounting hardware for attachment to the seat tube.

This attachment fits round tubes with a diameter of 28-50mm.

waiting for you.*

helmets

kids plus helmets

safety helmets xs & s

With an in-mold construction, this model features increased back safety protection. Reflective safety decals increase the child's visibility on the road. The helmet is available in 6 different graphic designs which will match your children imagination and size. With 11 vents to keep your baby cool, the helmets also have an integrated bug net that protects your baby from flying insects. The slim DIAL system and the thermoformed inner paddings, and chin pad will increase fit and comfort. The soft colors and cute designs will make the little baby's look even cuter. Extra set of paddings included. Meets Standards EU regulation 2016/425 EN1078.

Let's Play

Cycling related products for kids

The Balance Bike is a training bike suitable for children from 2-5 years.

The Balance Bike helps little ones to learn how to steer, keep their balance, and develop their motor skills. It is the very first step to learn how to ride a bike yourself.

keep moving. **The world is waiting for you.**

balance bike

Bobike balance bike

training bicycle for toddlers

The Balance Bike has a built-in handlebar limiter that helps the little rider to control how far he or she turns the handlebars. The handles are made of comfortable rubber. The ergonomically shaped seat is adjustable in height so that the child can enjoy the balance bike for as long as possible. The shock-absorbing 240 mm wheels made of EVA material offer extra comfort and cannot be punctured. The Balance Bike comes in two color combinations.
