POLISPORT GROUP HISTORY

www.polisport.com

PROMOTIONAL VIDEO 

HOME PRODUCTION IN A GARAGE

It all started in the year of 1978. Polisport Group was founded, originating from Polisport's CEO's passion for two wheels. The Group has focused and specialized in these markets ever since.

CHILD BICYCLE SEATS

Polisport is now the worldwide leading producer of child seats in the bicycle market, setting industry standards since 1988 with the launch of the "New Sit".

BICYCLE MUDGUARDS

Now offering a range of more than 20 different mudguard models for MTB Sport / Recreational, Trekking, City and Road bikes, Polisport is a reliable brand in the mudguard market.

SPORT BOTTLES

Nowadays our range includes a wide variety of thermal, screw-on and clip-on models.

WE ALWAYS LOOK INTO THE FUTURE

OUR CYCLING HELMETS ARE LIFE SAVERS
In 1996 we released our first bicycle helmet collection. Nowadays, Polisport offers a range with more than 15 models for adults, children, and juniors for MTB Sports/ Recreational biking, Trekking, and use in the City and on Roads. All, of course, with a very specific goal – saving your life!

WE DO IT ALL BY OURSELVES

A-Z PROCESS IN-HOUSE; INNOVATION; GLOBALIZATION; COMPETITIVENESS; SERVICE QUALITY; FLEXIBILITY

The establishment of Marketing, Logistics and R&D departments, which were set up in 2006, were a cornerstone to achieving these goals and allowing us to work as an OEM supplier in the bicycle and automotive sectors, and as an OEM supplier for a renowned Norwegian car seat brand. This focus on innovation and developing IPD technology - exclusive patented technology - allowed the Group to become the OEM suppliers of several major manufacturers, including KTM, GAS GAS, Husqvarna, Triumph, and BMW.

WE ARE INNOVATIVE

Polisport was recognized as the Most Innovative Portuguese Company of the year by COTEC-BPI, winning the SME (Small and Medium Enterprise) Innovation Award.

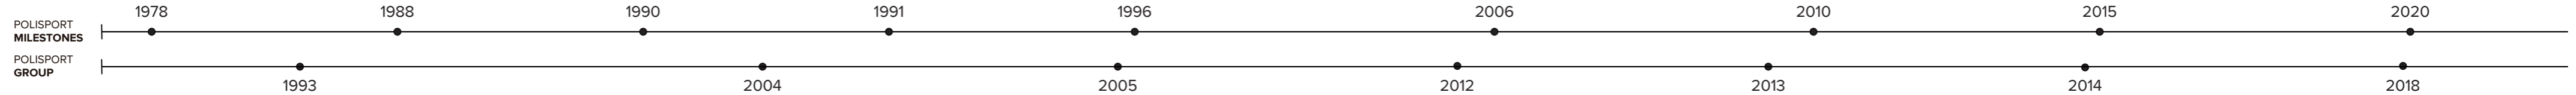

WE ARE CRAZY ABOUT DESIGN AND COMFORT

Guppy junior received an if Design and an Eurobike Award in the design Category, in recognition of its functionality, usability and design. In 2012, Guppy Maxi child seat won the Taipei Cycle Award, and, a few months later, Polisport also won two distinguished IF Design awards: "Product Design" for Guppy child seat and "Material Design" for Corky water bottle.

POLISPORT MOVE

Launched in 2020 Polisport Move is a new division in the Polisport Bicycle area that, incorporates all products related to mobility and transport. The creation of Polisport Move materializes a compromise of the company on the launching of new products that will favor the family transportation and mobility, without forgetting the development of the product by itself, having in mind not only sustainable processes but also sustainable materials. By creating Polisport Move we were also looking to reach a more specific target audience that is eager to include sustainable means of transport, and sustainable products in their daily lives. POLISPORT MOVE. WE MOVE YOU THROUGH LIFE.

POLISPORT PLÁSTICOS S.A.

11.300 m² – 122.0000 ft²

Since 1993 the Group headquarters has been the nerve center for all Polisport Group operations, where all the different administrative teams are based.

POLINTER PLÁSTICOS S.A.

5.000 m² – 61.500 ft²

Polisport Group became the sole owner of Polinter's capital, the plastic injection unit for the Group.

OFF-ROAD LOGISTICS CENTER

10.000 m² – 108.000 ft²

With the exponential growth of the off-road division, in 2005, a new unit devoted to off-road motorcycles was developed, acting as the storage and dispatch location.

POLISPORT MOLDS

5.000 m² – 54.000 ft²

Founded in 2012, Polisport Molds acts as the mold construction and development unit.

HEADGY HELMETS

21.000 m² – 226.000 ft²

The company was created to supply the European market. Focusing on innovative, well-designed, high-quality headgear, produced in Europe.

POLISTAR A PLANT IN BRAZIL

2.000 m² – 21.527 ft²

A new facility was set up in Brazil to supply the Brazilian market.

POLIPROMOTION

14.000 m² – 151.000 ft²

Polisport Group founded Polipromotion - a dedicated company specialized in promotional products such as water bottles and other related accessories focused on drinkware.

FF FRAME MOUNTING SYSTEM

Developed to be safe, simple, reliable, efficient, and easy-to-use.

The double rabbit and click system have a very smooth action when mounting the child seat, sliding easily into the slots and requiring no further pressure than the weight of the seat.

It only takes a light push of the holder safety button to release the child seat, making it really easy to remove and store your seat at the end of the day. The seats that feature this mounting system also have the ability to be moved backward and forward in 3 positions, according to the bicycle and child size.

QUICK-RELEASE FRAME HOLDER

Approved for
GUPPY MAXI+, GROOVY, BUBBLY MAXI
PLUS and BUBBLY MINI PLUS FF models

SAFETY
INDICATOR
DEVICE

Fits frames from 28 to 40 mm.
Frame length required - 105 mm.
Fits round and oval tubes.

Green indicators appear when the seat is correctly assembled.
Smoother fitting - All the screws remain built-in inside the holder.
Designed to accommodate the brake cable - preventing it from being pinched.
Rubber pad inside to prevent the frame from getting damaged.

The system is removed quickly and easily - slightly push the holder button and simultaneously pull the seat up and backward. No need to remove the holder for uncoupling the seat.
Tools included.

STANDARD FRAME HOLDER

Approved for
BILBY MAXI, BILBY JUNIOR, KOOLAH
and JOY models

Fits frames from 28 to 40 mm.
Frame length required - 80 mm.
Inside the holder, a rubber pad protects the bicycle and allows the mounting system to adapt to frames of all different sizes.

The rear metallic part of the holder has an opening to allow the brake cables to fit in without being pinched. No need to remove the holder for uncoupling the seat.

FRONT HEAD TUBE HOLDER

Approved for
GUPPY MINI, BUBBLY MINI PLUS and
BILBY JUNIOR models

Fits round frames from 22 to 40 mm.
Frame length required - 35 mm.
Inside the holder, a rubber pad protects the bicycle and allows the mounting system to adapt to frames of all different sizes.
Available in two mounting options:
- small head tubes (10 mm / Ø28-40 mm)
- standard head tubes (35 mm / Ø22-40 mm)
No need to remove the holder for uncoupling the seat. Mounting kit included.

RS PLUS RECLINING MOUNTING SYSTEM

Recline the seat up to 20° in 2 positions without having to remove your child. The system has been developed so that the adult user has full control, being able to safely unlock, recline, and lock the seat again. The child will not be able to handle the system, thus preventing any possible accidents, ensuring the safety of both direct and indirect users.

www.polisport.com

CFS CARRIER MOUNTING SYSTEM

Developed to take advantage of bikes that are already equipped with a luggage carrier. The bottom of the seat is securely attached to the carrier, which is extremely important as it increases stability for the rider. The child seat is easily fitted to the luggage carrier without the need for tools – just rotate the knob to easily fit or release the child seat. This also makes the seat really easy to store, and use while commuting. For increased child and cyclist comfort, seat can be moved backwards and forwards along the luggage carrier length.

SLIM, WIDER CARRIER PLATE

Approved for
GUPPY MAXI+, GROOVY and
BUBBLY MAXI PLUS models

The slim design of the carrier plate leads to improved performance. The range has been increased from 175 to 185 mm, to fit a wider range of the commuting bikes available on the market, especially E-bikes.
Features a left and right mechanical system, making it easier to install and release the seat (to clamp turn to the right; to release turn to the left).
Fits luggage tubes with diameters Ø10 to 16 mm.
No tools required.

STANDARD CARRIER PLATE

Approved for
JOY, KOOLAH and BILBY models

Fits carriers measuring 120 to 175 mm.
Fits luggage tubes with diameters of Ø10 to 16 mm.
No tools required.

RMS RACK MOUNTING SYSTEM

Approved for
KOOLAH model

Supplied with the child seat, requires fewer steps to complete the assembly. Multiple fitting points available to attach the plate to the luggage carrier - increases the compatibility with a wider range of bikes equipped with luggage carriers.
Install or release the seat with just a twist of a screw by attaching this plate to the luggage carrier.
When riding without the seat on, the plate can be used as a luggage carrier with the help of its straps.
Maximum width - 160 mm.
Also sold as spare part.

NEW MIK HD MOUNTING SYSTEM

Only available for
BUBBLY MAXI PLUS model black

Bubbly Maxi Plus incorporates the new MIK HD adapter plate. This means that this seat is 100% compatible with any carrier that incorporates MIK HD. You can find a wide range of standard and electric bicycles in the market equipped with MIK HD. With this system you will click your seat into the carrier in just a couple of seconds, without the need of tools. With MIK HD system, you are still able to adjust the seat backwards and forwards in 2 positions according to the child and bicycle size. An Allen Key is provided for this.
Fits only carriers with MIK HD with at least 27 kg of capacity according to ISO11243 - 120 to 175 mm.
Also fits wider carriers - 185 mm.

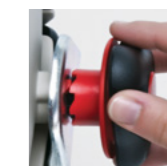

SAFETY, COMFORT & DESIGN

CHILD SEAT PERFORMANCE COMPONENTS

HARNESS BUCKLE

The design of the buckle requires three buttons which have to be pushed simultaneously in order to unbuckle. All Polisport child seats are designed to grow with the child. That's why all our safety harnesses are adjustable.

QST - QUICK SAFETY TURN

QST is a specially designed safety knob that allows prompt adjustments on the positioning and assembly of the seat, while offering a totally safe and secure mounting. No tools are required with QST.

ESS - EASY SLIDE SYSTEM

Move the seat backwards and forwards without using any tools. Its simplicity makes it easier to adjust and move the seat while the child is seated. This means extra comfort for the child and cyclist.

Not compatible with the following frames / bicycles

Meets all EN 14344 safety requirements.
Also sold as a spare part.

Not compatible with the following frames / bicycles

Compatible with carriers that are in compliance with the ISO 11243 standard.
Meets all EN 14344 safety requirements.

GUPPY® JUNIOR **CARRIER MOUNTING SYSTEM**

The ideal seat for your older child. The ergonomic shape provides back support for an older child and the security belt will keep the child secure on the child seat. It has a soft cushion for more comfort. Regarding comfort and safety, Guppy Junior features a retractable footrest and a wheel protector. Both can be easily mounted on the frame and can be adjusted to grow along with your child. Guppy® Junior also features a slim and wider carrier plate, which means a better fit for the e-bikes and increased functionality.

FRAME MOUNTING SYSTEM

GUPPY® MAXI+ FF

Guppy® Maxi+ FF is suitable for bicycles with or without carriers. Assembling the seat is made easier with the QST knob - no tools needed for assembling the seat on the metallic bar. The universal quick-release holder, with a safety device indicator, allows for installation/release of the child seat from the bike in seconds and is compatible with most bike frames, making it really easy for commuting and storage. The seat can be moved backward and forwards into 3 positions to fit the size of the child and the bicycle. Also compatible with e-bikes.

CARRIER MOUNTING SYSTEM

GUPPY® MAXI+ CFS

Guppy® Maxi+ CFS is supplied fully assembled and can, therefore, be used straight out of the box. Easy assembling of the child seat on the carrier - no tools needed to install/release -making it really easy for commuting and easy storage. The seat can be moved backward and forwards to be adjusted to any carrier and child size. Suitable for standard and e-bike luggage carriers.

RECLINING SYSTEM

GUPPY® MAXI+ RS

Easily recline the seat and child by unlocking the safety lever and choosing one of the 3 available positions (0°, 10°, 20°). Safety locking lever – only after unlocking, will the adult be able to recline the seat. With this system, you can recline the seat with the child on it. The universal quick-release holder allows for installation/release of the baby seat from the bike in seconds and is compatible with most bike frames, making it really easy for commuting and storage. The seat can be moved backward and forwards into 3 positions to fit the size of the child and the bicycle. Also compatible with e-bikes.

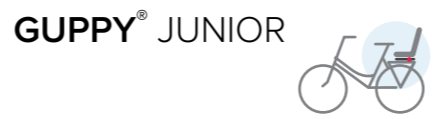

GUPPY® MINI **FRONT HEAD TUBE**

This front baby seat is easily assembled onto the bicycle. It fits only to round tubes and can be easily installed and removed by pushing the buttons. Can be moved backward and forwards in two positions to provide more comfort for both rider and baby. The mounting kit includes two mounting options: one for small head tubes (10 mm / ø28-40 mm) and another for standard head tubes (35 mm / ø22-40 mm).

CARRIER MOUNTING SYSTEM

BUBBLY® MAXI PLUS 29"

SMALL FRAMES AND 29ers

With the special metallic bar, you're able to place the seat up and backward. This is the ideal when you're using a 29ers or a bike with a small frame. The Universal quick-release holder, with a safety device indicator, allows for installation/release of the child seat from the bike in seconds at the push of a button making it really easy for commuting and storage.

BUBBLY® MAXI PLUS FF

FRAME MOUNTING SYSTEM

The universal quick-release holder, with a safety device indicator, allows for installation/release of the child seat from the bike in seconds and is compatible with most bike frames. This also means that it is really easy to use for commuting and storage. Also compatible with e-bikes. Universal quick-release holder, with a safety device indicator, allows for installation/release of the child seat from the bike in seconds and it is compatible with most bike frames.

FRONT HEAD TUBE BUBBLY® MINI PLUS

This front baby seat is easily assembled onto the bicycle. Fits only to round tubes and can be easily installed or removed by pushing the buttons. Can be moved backward and forwards in two positions to provide more comfort for both rider and baby. Mounting kit includes two mounting options: one for small head tubes (10 mm / ø28-40 mm) and another for standard head tubes (35 mm / ø22-40 mm).

REAR FRAME MOUNTING SYSTEM

BUBBLY® MINI PLUS FF

Bubbly® mini plus FF is a front baby seat with a rear frame mounting system. This is the perfect option if your bicycle doesn't allow the assembly of the baby seat on the head tube frame. The universal quick-release holder allows for installation/release of the child seat from the bike in seconds and is compatible with most bike frames.

NEW MODEL

MIK HD MOUNTING SYSTEM

BUBBLY® MAXI PLUS MIK HD

Polisport Bubbly Maxi MIK is supplied fully assembled and, can, therefore, be used straight out of the box. Bubbly MIK incorporates the new MIK HD adapter plate. This means that the new Bubbly MIK is now compatible with any carrier that incorporates MIK HD. With this mounting system, you will click your seat into the carrier in just a couple of seconds, without the need for tools. Mounting is key, and we are reinforcing the usage of the child seat as daily transport mean, so as quicker you can remove and install your child seat as likely you will use it on a daily basis. With this exclusive system, you are still able to adjust the seat backward and forwards in 2 positions according to the child and bicycle size. Fits carriers with MIK HD with at least 27 kg of capacity according to ISO11243. Suitable for standard and e-bike bicycles equipped with carriers with MIK HD.

CARRIER MOUNTING SYSTEM

BUBBLY® MAXI PLUS CFS

Easy assembly of the child seat on the carrier - no tools needed - making it really easy for commuting and storage. Supplied fully assembled and can, therefore, be used straight out of the box. The seat can be moved backward and forwards to adjust to the size of the child and the carrier. Suitable for standard and e-bike luggage carriers.

BILBY

REAR FRAME MOUNTING SYSTEM

BILBY JUNIOR FF

Bilby Junior FF is a front baby seat with a rear frame mounting system. This is the perfect option if your bicycle doesn't allow the assembly of the baby seat on the head tube frame.

This baby seat front model provides extra comfort and security for your child. The handlebar keeps your child's hands safe and supports them during the ride.

FRONT HEAD TUBE

BILBY JUNIOR

This front baby seat is easily assembled onto the front head tube. Fits only to round tubes and can be easily installed or removed by pushing the buttons. Can be moved backward and forwards in two positions to provide more comfort for both the rider and the baby. Mounting kit includes two mounting options: one for small head tubes (10 mm / ø28-40 mm) and another for standard head tubes (35 mm / ø22-40 mm).

www.polisport.com

BILBY MAXI CFS

AHEAD ADAPTER

ALLOWS POLISPORT MINI SEATS TO BE INSTALLED ON BIKES WITH 1" 1/8 AHEADSET STEMS

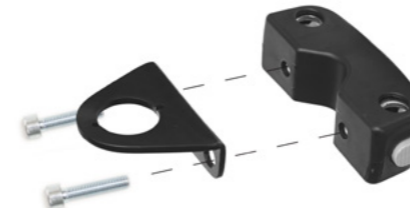

Making the world of child seats a little more accessible to everyone, and reaching the most compatibility possible between bicycle manufacturers and Polisport front seats, we have developed this new Ahead Adapter - a sturdy little bracket that allows you to mount your Polisport seat to bikes with threadless stems. The Ahead Adapter is designed to accommodate adjustable stems, e-bikes with a monitor or controller at the top of the stem, and MTB with 1" 1/8 stems. The required installation space is only 5mm.

COMPATIBLE WITH ALL POLISPORT FRONT BABY SEATS WITH FRONT HEAD TUBE MOUNTING SYSTEM

COMPATIBLE WITH POLISPORT WINDSCREEN

THE FRONT POLISPORT MINI HOLDER IS REQUIRED TO INSTALL THE BABY SEAT

Front Polisport Mini Holder not included

 **1" 1/8 Stems/Forks**
Fits Round frame tubes with 1" 1/8
Stem space required: **5 mm**

 Wheel **26" - 29"**

 Child Weight **9 to 15 kg / 19.84 to 33.07 lb**

 **8632900027** black

 Master box: 20 un / 300 x 200 x 130 mm

 Tools needed

Accommodates e-bikes and adjustable stems.
Recommended for city bikes with a more upright riding position

Recommended for MTB with 1" 1/8

70 BALANCE BIKE

POLISPORT TRAILER

PROMOTIONAL VIDEO 

FOR BIKING

Polisport Trailer gives your family all the reasons to go out and safely cruise together. You can take one or two kids on the cockpit, plus a small cargo on the back trunk of your trailer. Just connect the trailer to your bicycle, get your kids and small cargo settled and you are ready to go. You can also use the Polisport Trailer to transport larger loads. Just fold up the seat, and take advantage of the full load cargo capacity (25kg). Polisport Trailer is the safest and greener way for you to move around.

www.polisport.com

TRANSPORT & MOBILITY

67

FOR STROLLING

Easily convert your Trailer into a Stroller by just adding the Stroller Kit or if you are not interested in combining strolling and biking, you can purchase only the Stroller version. The stroller features a soft-touch handlebar adjustable in 4 positions, making your tour even pleasant.

STROLLING OR BIKING WITH KIDS OR CARGO

You can easily convert your Trailer or Stroller to transport cargo just by folding the seat down.

CARGO: Maximum load capacity 25kg.

KIDS + CARGO: Maximum load capacity 41 kg.

STROLLER KIT
Turn your trailer into a stroller with this kit. (Sold as spare part - 8615000003)

FOLDABLE DESIGN
Great for storage and transport purposes. Easily folded and unfolded without any tools.

TECHNICAL VIDEO

BALANCE BIKE

EXPLORING THE WORLD IN A HEALTHY AND HAPPY WAY

Polisport Balance Bike is a training bicycle that helps little kids learn how to steer and balance. It allows children to build the confidence they will need once they are ready for a more traditional bicycle with pedals - no training wheels required! Children are seated so that their little legs can reach the ground comfortably. A built-in steering limiter also allows children to maintain control of how much they turn. Comfortable hand rubber grips, an ergonomically designed seat, and shock absorbing wheels give little riders extra comfort. Polisport Balance Bike features an adjustable seat that grows with the child.

- This item is considered a toy.
- Not to be used on public roads.
- It must always be used under parental supervision.

SAFETY NEVER LOOKED SO GOOD

This in-mold helmet is the perfect choice if you are looking for a high-end helmet for your kids. This helmet features in-mold construction and an expanded protective area to increase safety and durability. There's an adjustable dial Retention System that perfectly adapts to the head. The straps are soft and lock in a 2-point safety harness, ensuring an optimal fit. We added two rear reflective stickers to increase visibility on the road. The helmet is light and vented and for that reason, it won't be a problem for your kid to use it. The bug net in the front will keep the head protected. The matte finish of the model makes it even fancier. The helmet is sold in an individual box along with a kid bottle and a junior cage, or just with an headcard.

CITY'GO

THE VERSATILE CITY HELMET

Polisport City'GO helmet is one of the most versatile helmets in the range. Cyclists share the road with cars, and the first step to staying safe is to be seen, thus avoiding accidents. We added a **rear LED light** that's quickly attached to the rear vent. With the steady flash mode, the cyclist can quickly select the preferred mode. With one touch the rear light can be quickly removed to add more air ventilation. With an easily adjustable dial retention system, the fitting was made easier, increasing the rider's comfort. You can also choose to use the CITY'GO with or without the visor.

COMMUTER®

FOR THOSE WHO LOVE THE BUZZ OF CITY LIFE

The Commuter helmet is a trendy, compact and lightweight helmet for you to maneuver through the city, and to make your commuting an even better experience.

With a clean design, the urban colors will match any outfit and a wide range of city bike styles. With a woven stylish visor, a chin pad protector, thermoformed set of inner paddings (extra set included), the Commuter has 6 vents to help with the rider's perspiration, and a back-safety light device to increase rider visibility on the road.

FOR SPEED E-BIKES
MEETS THE NTA8776

E'CITY

THE SPEED PEDELEC HELMET

The current trend of E-bikes is increasingly implemented and a special bike needs a special helmet. S-EPACS have their own requirements so that users can safely adapt it to their use. One of them is the use of a helmet that complies with the requirements of NTA Standard 8776. Our E'City helmet was developed to meet the specificities of NTA 8776, and its shape was designed to match your daily outfit. Apparently, the speed E-Bike helmet looks like a normal bike helmet, but the main differences are the greater area of protection of the head and the absorption capacity of a larger impact. The E'city model combines simple and casual design and contains enough air channels to ensure good ventilation. The visor will ensure adequate sun shade during commuting. With an easy-to-adjust retention system, adjustable straps, and a side lock, the E'city includes a set of thermoformed inner pads that will help in the absorption of perspiration.

URBAN PRO

MULTI-PURPOSE SKATE-STYLE HELMET SUITABLE FOR BICYCLE, BMX, SKATE OR INLINE

The Urban Pro is an urban cycling helmet that not only does it look cool as a hard shell helmet, but it is particularly suitable for any riding style.

Made with low weight and multi-purpose use in mind, this model is suitable for commuting or to use in an extreme riding style – for a BMX rider to a longboard fan.

Its matte black neutral color will totally fit the urban city style, match your daily outfit, and your adventures in the radical park.

Due to the injected construction process Urban Pro features a proofed extra durability when compared to a standard helmet.

Its low-profile shape is distinct yet minimal and assures maximum protection for the user.

Its adjustable retention system ensures the greatest possible comfort. Urban Pro also features a hear lock divisor, a soft touch strap, and closure that won't pinch the skin of your chin.

LIGHT PRO

REACHING THE PODIUM WITH STYLE

The Polisport Light Pro combines a lightweight and durable construction to keep your head fresh even during intense rides. The Light Pro also offers a comfortable slim DIAL Retention System. Fully vented with aero design that channels the air through the air vents to improve air circulation and aerodynamic performance. Makes the cyclists forget they are even using a helmet. The interior of the shell has small thermoformed pads smartly placed to increase comfort and increase perspiration management. Chin pad improves the adjustability of the straps and provides a sleek look without loose straps. Light Pro features also an easy strap divider that can be easily locked at the better spot for extra comfort. The helmet is supplied with an extra pad set.

PROMOTIONAL VIDEO 

AERO R

SPEED AND AERODYNAMIC PERFORMANCE FOR THE ROAD

Lead your next ride with the Polisport Aero R. Inspired by competition to decrease aero drag without compromising the comfort and ventilation. Polisport Aero R. features a **Fidlock® magnetic buckle**. This means that the locking of the helmet is made simpler. This anti-pinch buckle has an intuitive magnet guide to connect using only one hand and with your gloves on. The comfortable and easy strap divider can be easily locked at any position for better adjustment and increased comfort. Chin pad included for increased comfort. Aero R. features two reflective rear stickers that will increase the rider visibility on the road. The interior of the Shell has small thermoformed pads smartly placed to increase comfort and decrease the athlete's perspiration. The helmet is supplied with an extra pad set. Made with in-mold technology.

TWIG

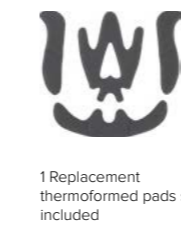

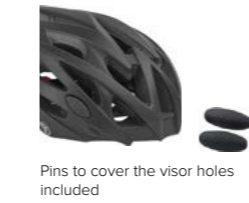

THE LIGHTWEIGHT PERFORMANCE HELMET FOR ROAD AND MOUNTAIN BIKING

Great performance guaranteed thanks to its aerodynamic design for optimal ventilation and comfortable fit. Washable paddings. Made with in-mold technology - the outer PC shell is bonded to the inner EPS shell, making Twig a really light and resistant helmet. This model is equipped with a removable visor, which makes it a perfect helmet both for MTB or Road use. Pins for covering the visor holes, and an extra set of thermoformed inner paddings are included.

TECHNICAL VIDEO

MUD-PRO

Front Mudguard

The front mudguard features an exclusive mounting system in the Polisport range. Equipped with a **FIDLOCK** magnetic connector that also doubles as a screw, the mudguard can be installed and removed in no time and without additional tools. The kit remains inside the headtube fork, and the mudguard is fixed with a magnetic connector. Includes 2 adapter kits to choose the best one for a better grip.

Mud Pro is compatible with disc brakes, v-brakes MTB, and E-MTBs, fitting suspension or rigid forks with 20 to 35 mm interior head tube. **Optimal fitting** - adjust the position of the rear part of the mudguard by adjusting its angle (tool required).

	MTB SPORT / RECREATIONAL

Mounting Kit included

MOUNTING SYSTEM DEVELOPED WITH:
FIDLOCK

GOODBYE TOOLS
Fit the mudguard with just a click.

MUD-PRO

Rear Mudguard

MudPro Rear features an optimized mounting system. **Incorporated lever** - you will be able to easily adjust the mudguard to seat posts ranging from 27 to 35 mm - without additional tools. The grip is totally secured due to its inner rubber construction. **Optimal fitting** - adjust the mudguard in several ways - define its position, angle and proximity regarding to the wheel size. MudPro includes a 2-point adjusting system to fix it at the desired height (tool required).

Expanded tail - adapt the rear mudguard by expanding or decreasing its protection area, or its fit according to different wheels size..

	MTB SPORT / RECREATIONAL
	Fits 26" to 29" wheels

S-MUD

THREE DIFFERENT OPTIONS FOR THE MUDGUARD FOR SADDLE RAILS. THE "SO FAST" AND EASY CLIPPING SYSTEM NOW HAS ONE MORE OPTION – A SPECIAL DESIGN FOR MTB.

S-Mud is a rear mudguard that is directly attached to the saddle rails. Now we are adding to the range a special S-Mud designed for MTB bikes, to offer an increase and better mud and spray protection. Now all bicycles and styles of riding are covered with S-Mud range.

Clip the mudguard with one hand in a few seconds. Clean design to assure visual integration with all bicycles and avoid extra weight. No tools required to clip or unclip. Compatible with all bicycles since there is an adjustment of the mudguard angle. The adjustment of the angle is also fast: unfasten the screw with an Allen key – adjust the angle – Tighten the bolt.

The product's main innovation is the user-friendly characteristic without any functional loss. It allows the cyclist to remove the mudguard for dry conditions or safer transport avoiding damages.

USER-FRIENDLY CONCEPT

Clip and unclip instantly in all the long, short or MTB versions. No tools required.

2 IN 1

MUD-SLIM

THE SLIM, COMPACT AND LIGHTWEIGHT MUDGUARD FOR SUSPENSION FORKS OR SADDLE RAILS – ALL IN ONE OPTION

This new slim mudguard is the perfect choice if you are looking for a discreet and light protection for your bike while commuting or racing. If you are tired of those huge mudguards, you will totally fancy this new model. With Mud-Slim, you will find a combined two-option mudguard that you can choose to place either on the forks, or on the saddle rails. If you wish to place it on the saddle, you can easily cut some parts of the standard mudguard and transform it into a mudguard for the saddle. No tools are required for fitting any of the options of the mudguard. The original mudguard comes with 4 reusable zip-ties, to fix it on the suspension forks.

MICHIGAN

Front Downtube Mudflap

Michigan mudflap offers you excellent protection, on any road. The mudguard uses elastomeric straps to be mounted on the downtube and allows fitting in all regular frame tubes. Easy mounting - no tools required for assembling the mudguard.

	ROAD / TREKKING / MTB RECREATIONAL
	Fits on downtube - maximum Ø75 mm
	Section: 45 to 60 mm
	Dimensions: 390 mm
	54 g / 0.12 lb
	8622400001 black
	Master box: 45 un / 500 x 250 x 280 mm
	No tools needed

MICHIGAN

Rear Mudguard

Compatible with trekking and road bikes. Clips from Ø24 to 36 mm seatpost through the usage of the clever "Quick Mounting & Release System". The fitting system includes an inner rubber for extra grip. 1-point height adjustable for a better fitting.

	ROAD / TREKKING / MTB RECREATIONAL
	Fits 28" wheels
	Ø24 to 36 mm seatpost tubes
	Section: 42 mm
	Dimensions: 540 mm
	123 g / 0.27 lb
	8622300001 black
	Master box: 36 un / 688 x 267 x 275 mm
	Tools needed only for adjustment (not included)

The mudguard can be fitted to almost any seatpost and be optimally adjusted to the wheel using the 1 point of adjustment.

EXPANDER

Expander front mudguard is compatible with disc brakes, V-Brake, suspension or rigid bikes. The size can easily be adjusted according to the usage or wheel size. The rear mudguard combines 4 mounting options. These mounting options combined with the possibility to expand the mudguard, will guarantee a universal fit for all bikes.

EXPAND

For a better fitting the expander range (front and rear) allows you to expand the mudguards until you reach the perfect fitting. No tools needed

O.E CHAIN CASE

O.E CHAIN CASE

Front and rear fitting – Two pieces chain case

Fully made of resistant yet lightweight polypropylene, the two combined parts are simply snapped together with the small clips installed all around. This system also eliminates the glide noises. Our chain case allows for easy maintenance and access to the chain since you can un-clip the front part without using any tools. Accommodates larger chain rings (up to 44 teeth). The Chain Case is secured to the bike frame using two special metal parts, which are available in different shapes and sizes so that you can easily adapt the chain case position in relation to the line of the chain. Material: polypropylene. 100% recyclable material. Mounting Kit Included.

T500 THERMAL BOTTLE

FOR YOUR **CYCLING** OR **OUTDOOR** HYDRATION

Designed in a small body, but with an increased capacity, T500 offers not only an excellent squeeze as also a superb 4hour thermal capacity. T500 is quite smaller than those thermal bottles that we are used to and will be your new top accessory for your summer cycling or outdoor activities.

The protective cap of the bottle, besides the benefits of usage on a more adventurer cycle path, is also a good option for your gym sessions, long walks, or trails.

SUPERB 4 HOUR THERMAL CAPACITY

2 IN 1 DOUBLE FUNCTION

STANDARD OR THERMAL

Due to its clever design, you can use it as a thermal bottle to keep your beverage colder, on those hot sunny days, or use it as a standard bottle and increase the bottle capacity to 650 ml.

INCREASE YOUR BOTTLE CAPACITY BY EASILY REMOVING THE THERMAL FOAM AND INTERIOR CUP.

T500
4 HOUR THERMAL

This is the thermal bottle that everyone will desire this season. The color range stands out due to its modern and trendy design. Increase the possibilities with this new thermal bottle – possibility to remove the interior cup and foam. This non-thermal option increase the bottle capacity to 650 ml. To use the thermal option, keep the cup and foam – 500 ml capacity. In the interior there's foam with an aluminium membrane to prevent the temperature of the water change over a period of time.

MATERIAL Food-grade polyethylene, BPA free.

 Master box: 70 un / 490 x 440 x 570 mm

ALUMNA
4 HOUR THERMAL

For those hot days there is nothing better than enjoying a cold drink. You can prepare it at home and drink it during your ride. Up to 4 h pedaling or doing any other activity. There's a soft tip so you can control the water flow and a dust cap, to make sure you drink as clean as possible. In the interior there's foam with an aluminium membrane to prevent the temperature of the water changing during a period of time. With a wide opening, it makes it more convenient to insert some ice cubes if necessary.

R550/R750

The R Range features now two capacity options – 550ml or 750ml. In any case, you will find both an extremely lightweight cycling bottle. Weighing only 53g, the R550 competes now in the high-performance cycling bottles category. Besides its industry-leading low weight, it brings together a one-handed ergonomic design which makes it easier to grab. The range is produced using BPA free and features a super soft squeeze experience. The tip is produced using a super soft TPE compound that promotes a soft opening and also incorporates a high flow channel so that you can easily satisfy your thirst. This model is available in two-capacities and in 7 different color combinations and all of them have a clear scale that helps you to quickly check the liquid amount.

C600 / C700

Our bottles were designed to help you get through any of those tough routes you choose. With a new system, you can drink the desired amount. Twist the valve to lock it and to prevent any leakage. This is great for when you have to carry it in your bag. While in the "opening" position the bottle is always ready to be used. The large opening helps you refill and clean. The clear versions have a scale printed to check the remaining water in the bottle. The model has a fast opening and closing snap system. Less dangerous in case of impact with wheels.

BOTTLE CAGE PRO

THE PRO BOTTLE CAGE WITH EASY ACCESS, EVEN FROM THE SIDES

Polisport's Bottle Cage Pro is extremely lightweight, 33g. The clever geometry of the bottle cage allows you to quickly remove the bottle from a variety of different angles. This is a huge benefit, while you are riding, have no time to waste, and you need to focus on the road. The bottle cage is also suitable for small bikes and sloping frames that do not offer much space for a water-bottle. You can also match the Bottle Cage Pro with your bike color – say goodbye to those dark cages and pimp your bike!

TOOL BOTTLE

THE BEST WAY TO TRANSPORT YOUR CYCLING ESSENTIALS

With the Polisport Tool Bottle, you can easily fit a spare tube, some tire levers, a multi-tool and some puncture patches in the 600ml hollow of the Polisport Tool Bottle, with a little bit of room to spare for any other tiny tool preferences you may have. There's definitely enough room in there for the ride essentials even if you need to store some other objects such as your keys or some coffee cash! This is a really good alternative to the saddle-bag because you will benefit from a wider opening with easier access than that of your normal saddle-bag and avoid some unstrapping as well. And of course, the certainty that it's also waterproof so you won't ever need to suddenly dry the contents of a saddle-bag after a five-hour wheel-spraying soaking. Our top benefit is that you can still use it to transport water in it since the material complies with food contact regulation.

	Wide opening Ø60 mm
	600 ml / 20.29 fl oz
	66 g / 0.15 lb
	187 mm / 7.36"
	Ø74 mm / 2.91" (fits all standard cages)
	<ul style="list-style-type: none"> 8646200001 black/white 8646200002 white/black 8646200003 silver/black
	Master box 100 un / 768 x 388 x 432 mm

HANDY IDEA

Perfect storage unit for riders who don't like stuffing their jersey or jacket with pumps, tubes, spare tires, levers and multi-tools. Waterproof.
